

Cost I 2024-25

Institution: University of Wisconsin-Madison (240444)

User ID: 55C0011

Overview

Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes in reporting:

The following changes were made for the 2024-25 collection:

- This is a new survey component that will open in the Fall to allow Cost of Attendance (COA) data to be updated on College Navigator. The component will reopen in the Winter to collect selected information on financial aid awards to calculate an institutional Average Net Price (ANP), at which time COA data elements can be updated or corrected.
- Added questions to determine and make publicly available the information on whether postsecondary institutions ask for other financial information not on the FAFSA form and whether they collect asset data even when students qualify for having their assets exempted from the federal need analysis as this information required by the FAFSA Simplification Act.
- Added question about waiving application fees for students with demonstrated financial need.
- Added an option to report both off-campus with family and off-campus not with family for food and housing and other expenses.
- Added collection of application fee for Doctor's - professional practice programs.

Cost I

Source	Description	Severity	Resolved	Options
Screen: Part B - Cost of Attendance for FTFTUG				
Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	for our living with parent food and housing costs, we do not include the residence hall estimate. So it only includes the estimated meal plan cost.			
Screen: Part E - Food and Housing				
Screen Entry	The amount entered (14,124) for food and housing on the Section 1 - Part B - Cost of Attendance screen is expected to be within 10% of the amount entered for food and housing on the Food and Housing screen (12,133). Please correct your data or explain the discrepancy between the two amounts reported. (Error #11236)	Explanation	Yes	
Reason	They are different as we wanted to reflect the BOR approved/annual budget figures as the published typical/most popular which preceded the COA section. Financial Aid Officers have discretion in the room/board figures they use in establishing student budgets and the COA reflects that.
